1. If you were to tell a story about your relationship to/with God, what would you say?  
(When did you get to know Him; how has your life changed since; etc.)

2. Why do you want to join the Student Ministry Team? Why do you think God would want you to join it (What do you think He might want to teach you)?

3. List two personal strengths that you feel will be an asset to this team. Likewise, list two attributes that you would like to see developed while on the team.

4. What do you think of when you hear the term, "servant leader"? Could this term be applied to an area of your life right now? Explain.

5. Is there any strained relationship(s) you have with others at your school, church, sports team, etc.? If so, briefly explain what the problem is. Are you doing anything to fix the problem? What?

**Read the statements below and sign on the dotted line if you agree.**

If I join the ministry team...

- I will make monthly training meetings a priority and let a ministry team leader know when there is another more significant priority.
- I will seek to become more like Christ by meeting with Him regularly in my devotional time.
- I will do my best to set an example as a believer at home, school and church in my words, conduct, love, faith and purity.
- I will seek to focus on the interests/needs of others as much as I focus on my personal interests.
- I will seek to add value to everyone I come in contact with rather than devaluing them.
